## Main Sponsor

14th June 2013

## Greetings from Indian Shoe Federation!

Doyens of the Indian Leather Fraternity, Synergy partners, Fellow Members, my dear friends and colleagues,

On behalf of all the Organizers of Ambur OPEN 4, my Vice Presidents and on my own behalf, I extend a warm Invitation to you to visit AMBUR OPEN 4 slated for 29-30 June 2013 at the Ambur Trade Centre.

Before I proceed any further, I wish to express my sincere gratitude to all Synergy Partners, to each and every exhibitor of Ambur OPEN 4, to all sponsors of Ambur OPEN 4 and to my Team for the renewed interest in the fourth edition of Ambur OPEN. It almost appeared like a 'sticky wicket,' but, TODAY, we are brim with optimism and I owe it to each and every one of you.

Sirs, we have crossed the bridge just half-way ... the exciting Journey of Ambur OPEN 4 lies in the second half; when you and us meet at the Trade Centre and engage in 'business transactions; with the Exhibitors; who have made sure that they are bringing the best in Technology and Components/ machinery; this edition of Ambur OPEN.

Senior Members and dignitaries at the helm of Trade Associations & Institutions have sent us their well-wishes which have been featured in this Curtain Raiser.

Some of the Exhibitors have excited us with their new products that they would be displaying at Ambur OPEN 4 and we have carried the snippets.

COMPONENTS BAZAAR is the need of the hour and is a highlight of Ambur OPEN 4. We request you to please revisit this exciting e-business endeavour on [www.indianshoefederation.in](http://www.indianshoefederation.in).

In a nutshell, you have a list of Exhibitors at Ambur OPEN 4.

Interesting Seminars have been lined-up for our Technical and Managerial teams to benefit from.

Sirs, beginning 1st February 2013 when we launched Ambur OPEN 4, on the occasion of IILF 2013, we have left no leaf unturned in shaping this edition of Ambur OPEN. Catch the excitement of Ambur OPEN 4 as it unravels on 29 & 30 June 2013.

The Industry is buoyant.  
Come join us in the buoyancy!

With warm regards

(K R Vijayan)

President, Indian Shoe Federation

In Pictures: Launch and promotion of Ambur OPEN 4 @ IILF 2013, EC Meeting of ISF, Review Meetings in CSIR-CLRI and at APLF, Hong Kong

**M Mohamed Hashim, Chairman, KH Group**

Ambur OPEN is an International Class Exhibition organized right in the heart of the Ambur manufacturing hub. Let Ambur Open be the platform to show our intent in scaling higher peaks in this sector and help us to achieve new relationships and to create stronger ties with the global leather fraternity. I take this opportunity to wish all of you a pleasurable and professionally satisfying AMBUR OPEN 4.

**Padmashri M Rafeeqe Ahmed, President, AISHTMA**

Following its Grand Debut in 2010, Ambur OPEN has gained momentum and established itself as a 'premium fair.' It has become be the region's biggest congregation of businessmen, technocrats, entrepreneurs in the specialized leather sector as well as of participants and buyers. This is a complete fair for all Leather and Leather Product manufacturers and is a 'one stop shop' for sourcing of leather and related components.

The historic decision of organizing the Ambur OPEN – an Exhibition of Finished Leather, Accessories, Components, Technology and Machinery in Ambur has received an overwhelming response from exhibitors all over the country. This has, indeed, been the culmination of the dreams of the visionaries who gave shape and nurtured the dreams to fruition.

I wish the Ambur OPEN 4 all success in rekindling the fire to march to a brighter future.

**R K Jalan, Chairman, Council for Leather Exports**

The Ambur OPEN is a 'Business Platform' to display and source the finest footwear components, leathers, machinery and accessories to help make quality products that would fetch premium in the global markets.

Year on year, the Ambur OPEN excels itself which is indicative of the fact that the Exhibition is here to stay. The overwhelming response is a major "thumbs up" for the vision and acumen of ISF, SISMA, IFLMEA, ATA, AFCAMMI, IFCOMA and the local associations of the leather belt in putting up an event of this magnitude in the heart of the Leather and Leather Products manufacturing cluster. They deserve all plaudits for their tireless efforts.

I am confident that Ambur OPEN 4 would surpass all expectations.

**N Shafeeq Ahmed, Chairman, IFLMEA and Vice Chairman, CLE**

Ambur OPEN can justifiably look back proudly at the conduct of the three previous editions of Ambur OPEN, which has indeed a watershed moment in the annals of history of the Leather Sector of this region.

The keenness of the exhibitors and visitors to come back for the next edition clearly signifies the huge success of this endeavour. The team behind this effort deserves applause for their contributions in promoting India as a major destination for manufacture of quality Leather and Leather Products through the successful conduct of the Ambur OPEN.

I am sure that Ambur OPEN 4 will continue to promote India's Brand Image and also generate good business for the participants.

**P.R. Aqeel Ahmed, Regional Chairman (South), CLE and President, SISMA**

ISF and SISMA in partnership with IFLMEA, ATA, AFCAMMI, IFCOMA and the various trade associations & institutions have ably charted the road map for the establishment of the AMBUR OPEN as a 'jewel in the crown' in the leather sector firmament.

India has blossomed into a major manufacturer of Leather Products and to achieve even greater heights we need to constantly add new technology with eco-friendly and modern management practices tempered with a high degree of automation which we hope to achieve through the platform of Ambur OPEN.

Ambur Open is a reflection of the "Opportunities and Challenges for the Leather Sector" and is staged to energize it to face global competition and create a conducive environment for growth.

It is a matter of pride that Ambur Open is evolving into a worthy touchstone on the progress of the country's globalization endeavours and I trust that the business visitors will capitalize on the opportunities available at the Ambur OPEN 4.

**Habib Hussain, Director, Leather Sector Skill Council**

Ambur OPEN is the manifestation of the strength of the Leather, Leather Product, Components and Machinery sectors to unitedly present a vibrant Leather Sector. It conveys the growth and forward march of our sector to the world and it attracts one of the biggest gathering of leather connoisseurs.

The importance of being innovative and the need to constantly update products is a step to overcome product obsolescence to survive in the future and the Ambur OPEN seeks to propagate this by providing the 'Business Platform' to convert ideas into practical reality through display and sourcing of the finest raw materials, machinery, components and chemicals to help make quality products that would fetch premium in the global markets.

The Ambur OPEN is a vivid presentation of the Leather Sector as a whole and I am sure that it would help us gain a strong forward momentum to surge forward in the leather trade and I wish it all success.

**Prof. Dr. A B Mandal, Director, CSIR-CLRI**

The journey of the Ambur OPEN to its fourth edition is a great moment to celebrate and an occasion to rededicate the commitment for a new scale of 'Image India promotion.'

Over the years, the Ambur OPEN has made remarkable progress that has resulted in making it a 'must visit' fair by all leather connoisseurs across the world.

The achievements of the past and the leadership through the years have inspired Ambur OPEN to excel. The organizers have been alive to the dynamic needs of the industry and expeditious in their actions to ensure the smooth conduct of the fair.

It is indeed heartening to note that Ambur Open finds strong support of not only the leather sector as a whole but also the apex leather institutions and associations who are worthy associates in galvanising the leather sector to greater heights. CSIR-CLRI takes pride in associating with the Ambur OPEN.

I am sure that in the years ahead, Ambur OPEN will emerge taller and taller and I wish it all success.

**R. Ramesh Kumar, IAS, Executive Director, Council for Leather Exports**

The Indian leather industry has reached another milestone in the year 2012-13 with exports almost reaching US \$ 5 billion and thereby registering a growth of 2.53% in Dollar Terms when compared to last year. This is no mean achievement considering the fact that the exports had shown a declining trend in the first 10 months of 2012-13 on account of continuing recession in the traditional market of Europe. As we are aiming to double our exports in the next 5 years, it is imperative that we register double digit export growth in the coming years. The industry has already set its sights on achieving 15% to 20% growth during 2013-14, which is quite possible going by the positive trends.

Needless to mention, domestic availability of quality machinery, raw materials and inputs will decide the price competitiveness of the Indian leather industry. I am happy that the industry has taken the initiative of holding cluster level exhibitions which provide a platform to the suppliers of machinery, raw materials and inputs to meet their prospective buyers. Ambur Open, which is held in the "Town of Export Excellence" of Ambur, is one such exhibition which has eased the buying burden of manufacturer-exporters of value added leather products & footwear to a greater extent. I am sure that this exhibition will continue to grow, both in terms of exhibitor & visitor numbers and popularity in the years to come.

I extend by best wishes to the organizers, exhibitors and business visitors to Ambur Open4.

**Puran Dawar, President, Agra Footwear Manufacturers and Exporters Chamber (AFMEC)**

The first edition of Ambur Open was held, coinciding with the inauguration of Ambur Trade Centre and it has provided an excellent venue for this important Exhibition within the major leather industry cluster of Ambur. Since then, in all subsequent editions of the Ambur OPEN, there has been a very positive and encouraging response from participants and visitors and the show has been successful in providing an ideal trade platform for manufacturers /suppliers of raw- materials, components, accessories, chemicals, machinery and allied products to show case their latest and newly developed materials and components for the footwear and leather products sector.

The leather industry is one of the Focus Sectors and is poised to achieve a huge growth in its export target and it is in this context, that the 4th edition of AMBUR OPEN would definitely prove beneficial both to manufacturers of materials/ components as well as for the manufacturers of footwear and other leather products in their endeavour to enhance their growth potential.

With the proximity to major production centres of leather and footwear in Southern region and the infrastructure facilities of Ambur Trade Centre, I am confident that the Ambur Exhibition would result in fruitful business interactions and good business generation.

I wish the participants and Business visitors all success.

**PV Gopalakrishna Bachi, Immediate past- President, ISF and Managing Director, Bachi Shoes Ltd**

It was a privilege to be at the helm of the Indian Shoe Federation at the inaugural edition of the Ambur OPEN. Ambur OPEN 1 was an outstanding success, Ambur OPEN 2 was even bigger and grander while the Ambur OPEN 3 outperformed the earlier editions with even greater participation, footfalls and increased business turnover. The Ambur OPEN 4, I am sure, will be also be a truly enriching and world class event.

Ambur Open is here to stay and will be a one-stop shop for Footwear Components, Accessories, Machinery and Finished Leather.

Any major outcome is the result of synergistic efforts and all stake holders of the Leather industry walk hand in hand in this journey of making Ambur OPEN a meaningful exposition for the discerning.

I am sure the participants and visitors will make full use of this exhibition for promoting their business objectives.

I wish the exhibitors and visitors all success.

## **N Mohamed Sayeed, CMD, Amburtec and President, The Ambur Tanners Association**

This has been a unique initiative from the ISF and SISMA in partnership with other trade associations and it showcases India's dynamic and modern face, vis-à-vis the leather and leather product industry.

Fairs such as the Ambur OPEN provide the requisite platform to plan and reassess the strategies to be followed to stride ahead of competition. This fair helps gain global recognition for India by presenting a platform of immense value and potential to our industry people in a very interesting and professional format.

We, at Amburtec and ATA, are proud to be partners in this venture and assure our wholehearted support for the success of this fair by providing an enabling business ambience and invite all to enjoy the experience.

My heartiest wishes for a successful Ambur OPEN 4 to all the participants.

## **T Rafeeq Ahmed, Chairman, T. ABDUL WAHID & CO**

The Ambur OPEN exhibition is at the core of showcasing the Indian Leather and Products sector and the industry shares a deep and profound relationship with it. It is indeed commendable that ISF, SISMA, IFLMEA, ATA, IFCOMA and AFCAMMI have joined hands to organize the Ambur OPEN 4 and I am sure that this would actively promote the interests of this sector and would yield rich dividends for members of the Indian Leather Sector.

The fair presents the dynamic and modern face of the industry and helps gain global recognition for India by presenting a platform of immense value and potential to our industry..

I am confident that the synergy partners in this endeavour would continue to bear the torch of progress of the Indian Leather sector and the success of this event will give an impetus to more and more manufacturers to present their range of quality products at this fair in the coming years.

I wish all the participants of Ambur Open 4 a very successful fair.

## **S M Faiyaz, Hon. Secretary, The Ambur Tanners Association**

Our industry is sparing no efforts to remain as a most preferred destination for sourcing of Leather and Leather products globally. The Ambur OPEN fosters greater showcasing and interchange of ideas from our manufacturers in this area as a response to International needs and expectations and ATA is privileged to be a partner in the organization of Ambur OPEN.

The Ambur Open helps in engaging the customer by providing the most optimum platform for business dynamics and the organizers need to be lauded for their sustained efforts in making Ambur OPEN so relevant to the growth of the Indian Leather sector.

Considering that the previous editions of this fair have been very successful, the expectations for the upcoming Ambur OPEN 4 are also very high.

ISF, SISMA and the other host associations always excel themselves in putting up a grand event and I wish Ambur OPEN 4 all success.

## **M S Khaleelur Rahman, Hon. Secretary, SISMA**

The Ambur Open, which is so professionally organized by ISF in association with SISMA, IFLMEA, ATA, AFCAMMI, IFCOMA and other supporting associations enters its Fourth year. It reaffirms to the world how unique and successful the Indian Leather sector is with its integrated production chain and entrepreneurial culture.

More systematized co-operation and joint innovation is essential today in order to stimulate the development of new skills, create new markets and transfer best practices. The Ambur Open provides the enabling ambience to forge new business partnerships and offers the possibilities for enterprises to make a jump in size through formal connections with companies and brands worldwide.

It has established itself as a generator of new impulses and provides the ideal platform for congenial negotiations and business conduct.

I wish all a very purposeful AO4.

## **Sudhir Rustagi, President, Indian Footwear Components Manufacturers Association (IFCOMA)**

The First three editions of the AMBUR OPEN have met with resounding success. It has strengthened our spirits to showcase the best of the products being put up on display and has provided a great opportunity for the local Footwear Manufacturers & Exporters to get a feel of the latest quality that is on offer along with the future developments that can take place as a result of fruitful business discussions during the event.

The objective of IFCOMA as indeed of the fair organizer's has always been to reach the footwear hubs of India so that the interactions between the buyers & sellers could be effective and result oriented catering to the needs and requirements of the industry at large and attain the broader perspective of the business.

The ambience at the Ambur Trade Centre is perfect for forging relationships and promoting business and I wish Ambur OPEN 4 great success.

**S Iqbal Modi, President, Association of Footwear Components, Accessories and Machinery Manufacturers of India (AFCAMMI)**

It is a moment for us to cherish as the Association of Footwear Components, Accessories and Machinery Manufacturers of India (AFCAMMI) has been given the opportunity to be associated with the organization of Ambur OPEN 4. It has been a privilege to work with ISF, SISMA, IFLMEA, ATA, IFCOMA and the supporting associations & institutions who are so enthused with the fair being held right in the midst of the manufacturing industry in most important cluster of the country.

We are upbeat of the participation from across the manufacturing and export fraternity. We are sure that this event would be a gateway for all members of the Leather Fraternity and provide for a healthy interaction which would imbue a sense of optimism for future business.

**S Suresh Kumar, Senior Vice President, TÜV SÜD South Asia**

The Ambur OPEN offers tremendous business opportunities and the USP of this Event is that there is a fascinating amalgamation of product display, ranging from finest finished leather, leather products, accessories and impressive decorative components. This is a golden opportunity for the Leather product manufacturers, buyers from across the country as well as from overseas to source their requirement, thereby facilitating a one stop solution.

As an Internationally recognized Technical Solutions Provider, TÜV SÜD South Asia is pleased to contribute to the development of this Leather Cluster through our association with the Ambur OPEN as the Main Sponsor.

We wish the event all success.

NEW PRODUCT NEW PRODUCT NEW PRODUCT

**Basyntan® UT: Ecological, multipurpose re-tanning agent**

**Basyntan® UT**, the latest sulfone based retanning agent, is an ideal choice for making high-quality leather with improved consumer safety. The product finds application in the pre-tanning, re-chroming and re-tanning of both - wet blue and wet white leathers. Basyntan® UT imparts a compact fiber structure, a pleasant handle and a tight, fine grain. Leathers retanned using Basyntan® UT are characterized by a full handle also in the belly, excellent buffability and they can be dyed to clear, brilliant shades. When Basyntan® UT is used in the pre-tanning of wet white leathers, a higher cutting yield can be achieved because of the compact fiber structure and the even fullness. Further information on BASF is available on the Internet at **E-Mail: manikandan.rathnam@basf.com, www.basf.com**

**BACO the front-runner in the field**

**With over five decades of experience in manufacturing, we diversified in 1993 towards Footwear Components. Conceived with absolute determination towards International Standard for Quality and manufacturing systems. Since then BACO has been the front-runner in this field.**

**Products manufactured: Footwear Components**

- Moulded Counters out of Leather Board / Salpa
- Pre-formed Thermoplastic Counters
- Moulded Insoles
- Tempered Steel Shanks
- Safety Steel Mid-Soles

**New Mold Prevention break through by Bureau Veritas has potential to significantly reduce losses for Leather Manufacturers**

Mold growth can lead shoes and other leather goods becoming discolored and cause products to smell. Mold spores can be toxic and represent a health hazard. Every year millions of dollars' worth of products are rejected by retailers, or worse still returned by consumers, with the risk of litigation and damage to a company's reputation. Problems can arise at any stage of the manufacturing and retail process, but often stem from humid conditions in factories and poorly ventilated warehousing and transport. Chemicals used to tackle and prevent mold face increasingly tight restrictions, with many now banned in the USA and Europe. Mold is therefore no longer simply an issue of spoiled appearance. It is a safety issue, and one facing stringent regulations. A breakthrough in mold prevention techniques could save shoe and leather goods manufacturers significant cost. To help address the problem, Bureau Veritas Consumer Products Services, a leading provider of safety, compliance and quality assurance testing, inspection and certification services, has developed a mold prevention program focused around a factory assessment that examines and addresses areas for improvement of the conditions in which products are manufactured, stored and packed before shipment and additionally includes product testing and educational seminars.

**For more information regarding Mold Prevention Program**

## Colour Trends Autumn/Winter 14-15

**Shri KR Vijayan**, President, Indian Shoe Federation released the 'first copy' of the MODEUROP Colour Trends and Colour Card for the Autumn Winter 14/15 season.

# COMPONENTS BAZAAR

ISF/P/COMP BAZ/04/2013

8th May 2013

Addressed to: **ALL Members of the Indian Shoe Federation**

Dear Members,

**Greetings from Indian Shoe Federation!**

As you are aware, the 'Components Bazaar' – a comprehensive online market place to sell and buy residual components from our factories was launched by Padmashri M Rafeeqe Ahmed, the then Chairman of the Council for Leather Exports during the 19th Annual General Meeting of ISF held on 16 September 2011 in Chennai.

A brain-child of Shri PV Gopalakrishna Bachi, immediate past President, ISF; COMPONENTS BAZAAR will help us to buy or sell 'COMPONENTS' directly from our fellow-members online through [www.indianshoefederation.in](http://www.indianshoefederation.in)

Many of us want to sell out excess Components from our factories; at the same time, we may require some few quantities of 'components' if our orders are similar to our fellow-members and if such of these components are available at lesser rates through ISF.

The initiative was appreciated and welcomed by all the ISF members; but, it is time for us to ensure transactions on the Components Bazaar.

**Hosting Fee**

*Revised Downwardly*

Although we had desired to charge a nominal fee of Rs 1500/- per component; we are pleased to announce that the hosting charges will now be Rs 500/- only.

May I request you to please publicize this information in your factories so that Stores/ Purchase personnel in your factories are aware of COMPONENTS BAZAAR and they would make it a habit to log onto [www.indianshoefederation.in](http://www.indianshoefederation.in) to buy or sell 'surplus' components.

**PS:** This Components Bazaar is only for Full Members of ISF desiring to sell surplus components only please.

Warm regards,

Yours sincerely,

*KR*  
(KR VJAYAN)  
President, Indian Shoe Federation
